Supplement to the

"Proceedings of the Indian Academy of Sciences"

INDEX TO VOL. LXIV (B)

AUTHORS' INDEX

Agrawal, V. P. and Uma Sharma		Studies on the physiology of digestion in *Nandus nandus* (Ham.), 157.
Alexander, K. C.	..	*See* Rao and others.
Ananthanarayanan, S.	..	Origin of asci in *Cyclotheca kamatii*, 314.
Arekal, Govindappa, D.	..	Embryology of *Veronica serpyllifolia* L., 241.
Banerjee, S. K.	..	Maximisation of the induced mutation frequency in wheat by radiations, 1.
Bhagwat, A. M.	..	*See* Viswanathan and others.
Bhatt, Y. M.	..	*See* Viswanathan and others.
Capoor, V. N. and Srivastava, V. C.		On a new cestode, *Mogheia megaparuterina* N. Sp., from Allahabad (India), 293.
Deshpande, B. D. and Kasat, M. L.		Seedling anatomy of certain members of the Cucurbitaceae, 62.
Doshi, G. R.	..	*See* Viswanathan and others.
Gnanamuthu, C. P.	..	Changes in volume of a brackish water prawn in different media, 96.
Gogate, S. S.	..	*See* Viswanathan and others.
Gupta, B. K.	..	*See* Janaki Ammal and Gupta.
Gupta, S. K.	..	*See* Parthasarathi and others.
Gupta, U. S.	..	Studies in the physiology of tobacco, XI, XII, 190, 199.
Ikramuddin, M. and Sadashivaiah, M. S.		Aegirine from a tinguaite dyke near Harohalli, Bangalore District, Mysore State, 169.
Janaki Ammal, E. K. and Gupta, B. K.		Oil content in relation to polyploidy in *Cymbopogon*, 334.
Jayaraman, R.	..	*See* Panikkar and Jayaraman.
Job, S. V.	..	Studies on some digenea of the family *Didymozoidae*, 182.

Kanekar, M. G. and Panse, T. B.		Carcinogenic activity of 3:2'-dimethoxy-4-aminoazobenzene in rats, 114.
Karuna Mohan, Km.	..	The ovule and embryosac development in *Browallia demissa* Linn., 26.
Kasat, M. L.	..	*See* Deshpande and Kasat.
Krishnamurthy, S.	..	*See* Seshadri and others.
Lal, Kundan	...	Some aspects of the embryology of *Tetrastichus pyrillae* Craw (Eulophidae: Hymenoptera), I, 38.
Machigad, B. S.	..	*See* Somasekar and others.
Manju Malaviya (Miss)	..	*See* Rao and Manju Malaviya.
Mansharamani, D. K.	..	Cranial peculiarities of *Gavialis gangeticus* with special reference to foramina, fossa and vacuities, 320.
Naganna, C.	..	*See* Somasekar and others.
Narayanaswamy, P. and Ramakrishnan, K.		Studies on the sterility mosaic disease of pigeon pea, IV, V, 75, 135.
Padmanabhan, D.	...	The octant proembryo *Epithema carnosum* Benth., 283.
Padmanabhan, D. and Ramji, M. V.		Developmental studies on *Cabomba caroliniana* Gray, II, 216.
Pai, R. M.	..	The floral anatomy of *Kaemferia rosea* Schweinf. ex Benth. with special reference to the glands in Zingiberaceae, 83.
Pandey, Yashodanandan	..	*See* Sen and Pandey.
Pandotra, V. R.	...	Notes on fungi of Jammu and Kashmir, I, 68.
Panikkar, N. K. and Jayaraman, R.		Biological and oceanographic differences between the Arabian Sea and the Bay of Bengal as observed from the Indian region, 231.
Panse, T. B.	...	*See* Kanekar and Panse.
Parthasarathi, K.	..	Contributions to a biochemical study of sugarcane, III, 91.
Parthasarathi, K., Gupta, S. K. and Rao, P. S.		Studies on sandal spike, VII, 152.
Periasamy, K.	..	Studies on seeds with ruminate endosperm, VI, 127.

Pichamuthu, C. S.	..	Charnockites of India and Antarctica—A comparison, 205.
Prasad, E. A. V.	..	On the elimination of plagioclase twinning, 296
Ramadasan, A.	..	Symptom expression, virus concentration and respiration in the leaves of *Dolichos lab lab* infected with dolichos enation mosaic virus, 273.
Ramakrishnan, K.	..	*See* Narayanaswamy and Ramakrishnan.
Ramamurthy, V. D.	..	*See* Seshadri and others.
Ramamurthy, V. D. and Seshadri, R.		Effects of gibberellic acid (GA) on laboratory cultures of *Trichodesmium erythraeum* (Ehr.) and *Melosira sulcata* (Ehr.), 146.
Ramji, M. V.	..	*See* Padmanabhan and Ramji.
Rao, A. R. and Manju Malaviya (Miss)		A study of the non-articulated laticifers and the nature of latex in two members of Asclepiadaceae, 45.
Rao, J. S. R. Krishna	..	Mineralogy of the gneisses and granulites from Guntavada of Visakhapatnam District, Andhra Pradesh, 121.
Rao, J. Thuljaram, Srinivasan, K. V. and Alexander, K. C.		A red-hot resistant mutant of sugarcane induced by gamma irradiation, 224.
Rao, P. S.	..	*See* Parthasarathi and others.
Sadashivaiah, M. S.	..	*See* Ikramuddin and Sadashivaiah.
Saxena, Subhash Chandra	..	Histochemistry of liver and pancreas in a carp fingerling, *Catla catla* (Hamilton), 176.
Sen, N. K. and Pandey, Yashodanandan		Colchitetraploidy in *Dolichos lablab* Linn., 258.
Seshadri, R.	..	*See* Ramamurthy and Seshadri.
Seshadri, R., Krishnamurthy, S. and Ramamurthy, V. D.		The antibiotic properties of the tissues of some bivalves, 110.
Sharma, R. P.	..	Chromosome breakage and enhancement in radiation sensitivity induced by 5-trifluoromethyl-2-deoxy-uridine in *Vicia faba*, 22.
Somasekar, B., Machigad, B. S. and Naganna, C.		Riebeckite syenite from Idamakallu-Racherla, Kurnool District, Andhra Pradesh, 267.
Sreekumaran, C.	..	*See* Viswanathan and others.
Srinivasan, K. V.	..	*See* Rao and others.

Srivastava, V. C.	..	*See* Capoor and Srivastava.
Subbarao, K. V.	..	*See* Suryanarayana and Subbarao.
Suryanarayana, K. V. and Subbarao, K. V.		On lineation, 143.
Tikader, B. K.	..	Studies on some crab-spider (family: Thomisidae) from Khasi and Jaintia Hills, Assam, India, 53.
Uma Sharma	..	*See* Agrawal and Uma Sharma.
Unni, C. K.	..	*See* Viswanathan and others.
Usha R. Nafday	..	Studies in the Tubiflorae of Nagpur, VII, 32.
Viswanathan, R., Bhatt, Y. M., Sreekumaran, C., Doshi, G. R., Gogate, S. S., Bhagwat, A. M. and Unni, C. K.		Mineral content of aquatic foods, 301.

TITLE INDEX

Aegirine from a tinguaite dyke near Harohalli, Bangalore District, Mysore State (Ikramuddin and Sadashivaiah), 169,

Aquatic foods, mineral content of (Viswanathan and others), 301.

Asclepiadaceae, two members of, a study of the non-articulated laticifers and the nature of latex in (Rao and Manju Malaviya), 45.

Biological and oceanographic differences between the Arabian Sea and the Bay of Bengal as observed from the Indian region (Panikkar and Jayaraman), 231.

Bivalves, some, tissues of, the antibiotic properties of the (Seshadri and others),110.

Browallia demissa Linn., the ovule and embryosac development in (Karuna Mohan), 26.

Cabomba caroliniana Gray, developmental studies on, II (Padmanabhan and Ramji), 216.

Catla catla, carp fingerling, liver and pancreas in a, histochemistry of (Saxena), 176.

Charnockites of India and Antarctica—a comparison (Pichamuthu), 205.

Crab-spider (family: Thomisidae) from Khasi and Jaintia Hills, Assam, India, studies on some (Tikader), 53.

Cucurbitaceae, certain members of the, seedling anatomy of (Deshpande and Kasat), 62.

Cyclotheca kamatii, origin of asci in (Ananthanarayanan), 314.

Cymbopogon, oil content in relation to polyploidy in (Janaki Ammal and Gupta), 334.

Didymozoidae, studies on some digenea of the family (Job), 182.

Dolichos lab lab infected with dolichos enation mosaic virus, leaves of, symptom expression, virus concentration and respiration in (Ramadasan), 273.

Dolichos lablab Linn., colchitetraploidy in (Sen and Pandey), 258.

Epithema carnosum Benth. the octant proembryo of (Padmanabhan), 283.

Fungi of Jammu and Kashmir, notes on—I (Pandotra), 68.

Gavialis gangeticus, cranial peculiarities of, with special reference to foramina, fossa and vacuities (Mansharamani), 320.

Gneisses and granulites from Guntavada of Visakhapatnam District, Andhra Pradesh, mineralogy of the (Rao), 121.

Kaemferia rosea Schweinf. ex Benth., floral anatomy of, with special reference to the glands in Zingiberaceae (Pai), 83.

Lineation (Suryanarayana and Subbarao), 143.

Mogheia megaparuterina N. Sp., a new cestode, from Allahabad (India) (Capoor and Srivastava), 293.

Mutation frequency, induced, in wheat by radiations, maximisation (Banerjee), 1.

Nandus nandus (Ham.), physiology of digestion in, studies on (Agrawal and Uma Sharma), 157.

Pigeon pea, sterility mosaic disease of, studies on the, IV, V (Narayanaswamy and Ramakrishnan), 75, 135.

Plagioclase twinning, on the elimination of (Prasad), 296.

Prawn, brackish water, changes in volume of a, in different media (Gnanamuthu), 96.

Rats, carcinogenic activity of 3:2′-dimethoxy-4-aminoazobenzene in (Kanekar and Panse), 114.

Riebeckite syenite from Idamakallu-Racherla, Kurnool District, Andhra Pradesh (Somasekar and others), 267.

Sandal spike, studies on, VII (Parthasarathi and others), 152.

Seeds with ruminate endosperm, studies on, VI (Periasamy), 127.

Sugarcane, a red-rot resistant mutant of, induced by gamma irradiation (Rao and others), 224.

Sugarcane, biochemical study of, contributions to, III (Parthasarathi), 91.

Tetrastichus pyrillae Craw (Eulophidae: Hymenoptera), some aspects of the embryology of, I (Lal), 38.

Tobacco, studies in the physiology of, XI, XII (Gupta), 190, 199.

Trichodesmium erythraeum (Ehr.) and *Melosira sulcata* (Ehr.), laboratory cultures of, effects of gibberellic acid (GA) on (Ramamurthy and Seshadri), 146.

Tubiflorae of Nagpur, studies in the, VII (Usha R. Nafday), 32.

Veronica serpyllifolia L., embryology of (Arekal), 241.

Vicia faba, chromosome breakage and enhancement in radiation sensitivity induced by 5-trifluoromethyl-2-deoxy-uradine in (Sharma), 22.
